25X1

1. The section of the atom bomb plant located at Agutsera. Comment: 25X1
Possible spelling Agudzeri) bears the number 765. 25X1

however, these sections are subordinate to the office at Agutsera, because they customarily obtain their material and their workmen from Agutsera. Moreover, the garage for the automobiles used by the Sinop and Koastak sections is located at Agutsera.

2. Office 765 at Agutsera is directed by Zaritski. His assistant is Kharatov.

3. Office 765 at Agutsera receives orders from the corresponding office at Rostov.

4. The various orders signed by the director Zaritski were posted on a bulletin board in Agutsera where they could be seen by the personnel. These orders were signed as follows:

Chief of Construction 765 Zaritski

Начальник Строительства "765" Заритский

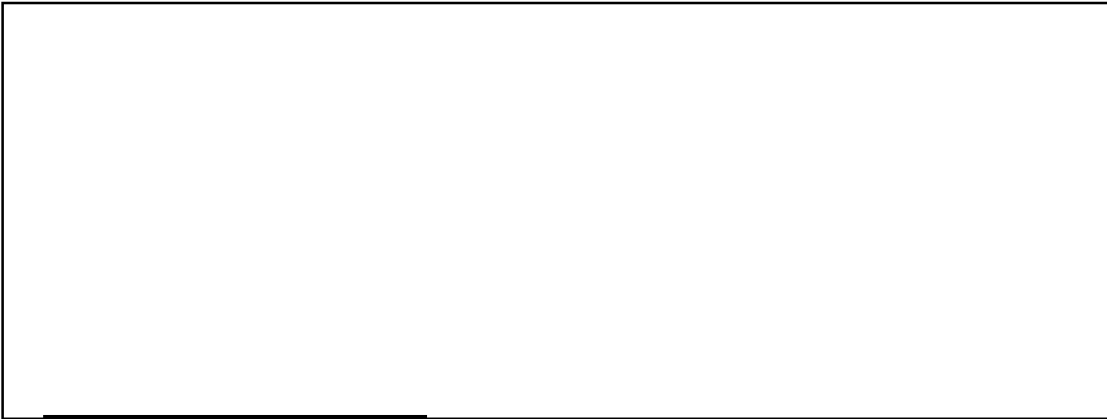

5. on the printed matter ordered by the office at Agutsera the following address was placed: Building 765, Agutsera.

- 25X1 8. [redacted] the Agutsera section is subordinate to the Barnaul plant. All the plants and offices working on this project are, in turn, believed to be subordinate to the Rostov office. In addition, the new tank factory at Rustavi (40 kilometers east of Tbilisi) is reported to be under the control of the Rostov office.
9. The capacity of the reservoir at Agutsera is not known. The water from this reservoir is conducted through underground pipes. It is not known how much water the system delivers. The water comes from the Kelasuri River and is potable.
